Mountain Lake Utilities Commission Meeting
Mountain Lake City Hall
Thursday, December 14, 2023
7 AM

Members Present: Todd Johnson; Sue Garloff; David Savage; City Council Liaison Dean Janzen; Mark Langland; Brian Janzen

Members Absent:

Staff Present: Jill Falk; Utilities Office Manager; Lane Anderson; Lineman; Steve Peters; Lineman; Scott Pankratz; Water/Wastewater

Others Present:

Call to Order

The meeting was called to order at 7 AM.

Approval of Minutes and Bills

Motion by Garloff seconded by Johnson to approve the November 22nd Minutes with changes and Check Numbers 23023-23061 (513E-517E). Motion carried.

Electric Department

Langland wanted to know the status of the internet line for the wind tower. Since Watkins was not present, there was not much of an update. However, Anderson did state they are getting emails again and the Frontier internet line should be able to be disconnected soon. The trucks have come back from Crysteel, however, there are some issues with the new boxes. The drawers will shift and stick and the welding is subpar. It was decided that these issues should be addressed and repaired before the invoices are paid. Peters mentioned that the generators have been running for normal maintenance and a street light needed to be repaired after it was hit.

Water/Wastewater Department

Pankratz stated that they have been updating the radios for the walking route. When meters are read this month, there should not need to be any manual reads. He also mentioned the toolbox for the water/wastewater truck did have the same issues.

City Administrator

Mueller was on vacation and not present for the meeting. Falk advised that checks for the board members would be delivered at the next meeting and needed to know who would not be present.

Adjourn

The meeting was adjourned at 7:09 a.m.

City Insurance Agent

City Council reviewed two proposals from United Prairie Insurance and Hanson Agency for their rate of commission to be the city's insurance agent. The City had previously rotated from each agency every three years, but decided they will bid from now on, every three years, and the lowest bidder will be awarded the contract to be the insurance agent. The lowest bidder for this contract was United Prairie Insurance.

Motion by Ysker, seconded by Kruser to approve Resolution #37-23 Appoint a City Insurance Agent. Motion carried 4 – 0

Fire & Ambulance Hall

The city administrator is still waiting to hear back from EPS, Bulter Steel, and Lester Buildings on estimated costs and specs for the Fire & Ambulance Hall. Councilmember Janzen spoke with the city clerk from the City of Jeffers, they are working towards building a Fire & Ambulance Hall. The City of Jeffers is consulting with Pinpoint Corporation, located out of South Dakota to engineer and apply for grants for their hall. The city administrator will continue to research building materials, costs and financing options.

City Attorney

An update was given to the council regarding civil processes on various properties, public nuisances, current processes, court procedures, agreements, and plans.

City Administrator

A list of expiring and vacancies for the various city boards and commissions were briefly discussed. Mayor Nelson is still working on the list and contacting those whose term expires at the end of this year and finding vacancies.

The Council reconfirmed from their previous motion on February 21, 2023, that they want the city administrator to put the question on the ballot at the general election, November 5, 2024, to ask the voters about whether or not to allow Sunday On Sale Liquor in Mountain Lake.

The question on the ballot shall read, “Shall the city council be allowed to issue on-sale licenses to restaurants, clubs, bowling centers, and hotels for the sale of intoxicating liquor at retail on Sundays? Yes or No”.

Roundtable

An update was given to the council regarding board and commission meetings.

Adjourn

The meeting was adjourned at 6:30 p.m.

The "gross earned premium" figure is the member's total earned premiums as of May 31, 2023 for the past 20 years. This is the premium figure that's used in the dividend calculation.
The "2023 written premium" figure is the member's total premium for the member's most recent renewal date to May 31, 2023 (for most members, only a portion of that 2023 written premium would be earned as of May 31, 2023).

DIVIDEND ANNOUNCEMENT
DECEMBER 7, 2023

Dear Member,

We are pleased to enclose a check for your share of the \$3 million dividend being returned to members of the League of Minnesota Cities Insurance Trust’s property/casualty program. We encourage you to share this information with your city council or other governing body.

League of Minnesota Cities Insurance Trust Dividends: \$366 Million Since 1987

■ Property/Casualty Program □ Workers' Compensation Program

What is the dividend formula?

Also enclosed is your dividend history and an information sheet showing the data used to calculate your dividend. Your insurance agent will receive this information as well. Following are the key elements of the dividend formula.

- Dividends are distributed to cities and other entities that are members as of December 1 in the year the dividend is being returned. Former participants do not share in the dividend distributions.
- Each member’s share is proportionate to the difference between the member’s total premiums and total losses as of May 31 for the past 20 years.
- Individual losses are capped at the lesser of \$200,000 or 200% of the member’s annual premium for the year of the loss.

Why are we receiving a dividend, and should we expect a dividend every year?

Members should not include dividend returns in their yearly budget projections because the amount fluctuates year-to-year based on losses experienced by members, actuarial projections, investment results, legislative and coverage changes, reinsurance costs, and the Trust’s long-term strategic direction. The amount of a given year’s dividend has no bearing on the amount returned the following year, and it’s possible in some years no dividend will be returned.

(over)

Operating an organization like the Trust involves inherent unpredictability regarding the cost of future claims. That’s why we, like all insurers and self-insurance pools, maintain a fund balance as a cushion, which has been built and maintained over time through premiums and investment income.

On occasion, that fund balance can grow beyond what’s needed to be confident the Trust can pay current and future claims and expenses. When that occurs, we use those excess funds on behalf of the membership.

For many years, a primary use has been to pay dividends to members. More recently, we have discussed whether investments in other programs and services would be more effective ways of meeting member risk management needs. An important part of our evaluation is learning how you view the Trust’s current approach and considering your suggestions about how we should move forward.

We encourage members to contact Operations Manager Laura Honeck at lhoneck@lmc.org or (651) 281-1280 to share your thoughts about the Trust’s dividend program and whether there are other ways we should consider using excess funds.

Thank you for being part of our self-insured membership cooperative. We’re proud to represent an organization created by Minnesota cities in 1980, and we look forward to continuing to work with you to provide coverages and risk management programs designed to meet your needs.

Mt. Lake Police Department

Body Worn Camera Project

It is the responsibility of the Mt. Lake Police Department to provide the best possible practices to limit any possible liability to the city and the community. It is also imperative to utilize modern technology that has become an industry standard. For this purpose, the Mt. Lake Police Department has begun researching and developing potential prospects for implementing a body worn camera video system aka BWC.

A BWC system would provide multiple benefits to aid the Police Department, which includes but not limited to the following:

- Modernizing evidentiary collection for criminal cases, which tends to show a better conviction rate
- Better and more time reduction in data management and evidence preparation by utilizing modernized software
- Reduction in complaints on officer conduct and/or an impartial collection of situations where officer complaints are made during calls for service that provide essential recording that will vindicate or allow proper correction action to be taken
- Reduction in litigation costs
- On going training and coaching supervision of Officer's handling calls for service

Through researching possible vendors of BWC systems, a 5 year cost analysis is estimated to be \$56,000. This cost can be spread out through the 5 years. By adding new equipment, especially any electronic, comes ongoing maintenance and replacement. This would mean a new line item cost to be added to the department's budget if implemented.

There is Minnesota State Statute requirements that must be met prior to a police department implementing a BWC system, which includes open forum or public comment period during a council meeting on both Departmental Policy and the purchase of the BWC System.

The Mt. Lake Police Department and Police Commission have met and fully support implementation and moving forward with a BWC System. It is therefore, our intent to seek approval from City Council to move forward with scheduling a public comment period on the

policy and purchasing of a BWC System, along with the approval of purchasing a BWC System, pending further research and recommendations from the Police Department and public comment period.

Submitted Respectfully By,

Assistant Chief Louis Norell and Chief Douglas Bristol

City of Mountain Lake, Minnesota

Resolution #1-24

A Resolution Providing for a Minimum General Fund Balance for Working Capital and Assignment of General Funds for Projects

Whereas, the City of Mountain Lake needs adequate liquidity and working capital to operate because its main sources of revenue are not received until the fifth month of a six-month cycle; and

Whereas, the City of Mountain Lake does, on occasion, experiences unexpected and unbudgeted expenditures.

Therefore be it resolved that the City of Mountain Lake designates 50% of its current year general fund expenditure budget as a minimum fund balance for working capital to meet liquidity and working capital needs.

Be it further resolved that the City of Mountain Lake assign funds held in savings accounts and certificates of deposit to be used for specific projects.

This resolution was adopted and approved the City Council on this 2nd day of January 2024.

Mike Nelson, Mayor

City of Mountain Lake Investment Policy

Reviewed and adopted by the Mountain Lake City Council on January 2, 2024.

This policy covers all monies of the City of Mountain Lake and includes deposits and investments of funds deposited in interest bearing accounts.

It is a common occurrence for the City of Mountain Lake to have cash balances in various fund accounts, which, though allocated for a specific purpose, are temporarily not needed. It is the policy of the City that any fund with a cash balance which will remain unexpended for a reasonable period of time, shall be invested in a manner as outlined below.

The investment policy of the City of Mountain Lake encompasses the following principles:

1. Safety of principal
2. Chief Investment Officer
3. Consultants
4. Collateralization
5. Authorized investments
6. Prohibited investments
7. Maximum investments
8. Pooling of investments
9. Liquidity
10. Local investments
11. Maximum interest earnings
12. Annual review

CHIEF INVESTMENT OFFICER

The chief investment officer will be the City Administrator/Clerk-Treasurer, who will assure compliance with this policy and further develop and maintain adequate controls, procedures and methods assuring safe and accurate accounting on a day to day basis, with the approval of the Mountain Lake City Council. In the absence of the City Administrator/Clerk-Treasurer the Mountain Lake City Council will appoint a designee. The City Administrator/Clerk-Treasurer will provide the Mountain Lake City Council on a quarterly basis, all and any information requested by the Council in relation to this policy.

CONSULTANTS

The retention of consultants, agreements with money managers etc. will not be authorized without the express consent of the Council.

SAFETY OF PRINCIPAL

Safety of principal is the first priority in investing City funds. The City invests only in those investment instruments authorized by State Statute. Minnesota Statutes Chapter 471.56 and 475.66 set forth the authorized investments for a municipality. Depositories as designated shall have insurance through the FDIC (Federal Insurance). To ensure safety, it is the policy of the

City that when considering an investment, all depositories under consideration be cross-checked against existing investments to make certain that funds in excess of the insurance limits are not made in the same institution unless collateralized as outlined below.

COLLATERALIZATION

All City funds must be deposited in financial institutions that provide \$250,000 in government insurance protection. At no time will deposits in any one institution exceed \$250,000 unless such excesses are protected by pledged securities.

Securities Pledged as Collateral

Pledged securities, computed at market value will be limited to the following:

1. U. S. Treasury Bills, Notes or Bonds all of which mature within five years. Such securities pledged must cover all City deposits in the amount of 110%.
2. U. S. Agency securities guaranteed by the U. S. Government. Such securities pledged must cover all City deposits in the amount of 120%.
3. Repurchase Agreements, with maturities not exceeding one year, secured by U. S. Government Bills, Notes or Bonds.
4. Municipal General Obligation Bonds, rated "A" or better by Moody's, provided no single issue exceeds \$200,000 with maturities not exceeding five years. Such municipal bonds pledged must cover all City deposits in the amount of 125%.

No other collateral except as designated in 1, 2, 3, or 4 above will be authorized.

Securities detailed above under 1 and 2 may be purchased directly by the City when deemed feasible.

AUTHORIZED INVESTMENTS

Examples of authorized investments are as follows:

1. Direct U. S. Government obligations
 - a. Treasury Bills
 - b. U. S. Treasury Certificates
 - c. Treasury Notes
 - d. Treasury Bonds
2. Federal Agency Issues
 - a. Federal Home Loan Bank Notes
 - b. Federal National Mortgage Associations (FNMA)
 - c. Federal Intermediate Credit Banks Debentures
 - d. Federal Farm Credit Bank Discount Notes or Bonds
 - e. Federal Home Loan Mortgage Corporation Notes or Bonds
 - f. Government National Mortgage Association Notes (GNMA)

3. Shares in investment companies, including Minnesota Municipal Joint Powers Investment Trust, whose only investments are in U. S. Government and agency issues and whose investments are in financial instruments with a final maturity no longer than 13 months.
4. General Obligations of the State of Minnesota, rated “A” or better by Moody’s provided no single issue exceeds \$200,000.00 with maturities not exceeding five years.
5. Bankers acceptance of U. S. banks eligible for purchase by the Federal Reserve System.
6. Commercial Paper – rated A-1, P-1, and F-1 for maturities of 90 days or less.
7. Interest bearing deposits – (checking account, Certificates of Deposit, money market savings, and ordinary savings) must be collateralized at a minimum of 110% of face value.
8. Repurchase Agreements (Repos’s) – Repo transactions are restricted to:
 - a. A primary reporting dealer in U. S. government securities who reports to the Federal Reserve Bank of New York or
 - b. National or state bank in the U. S. which is a member of the Federal Reserve System and whose combined capital and surplus equals or exceeds \$10,000,000.
 - c. A securities broker/dealer having its primary executive office in Minnesota and licensed pursuant to Chapter 80A, or an affiliate of it, registered by the Securities and Exchange Commission (SEC) and maintaining a combined capital and surplus of \$40,000,000 or more, exclusive of subordinated debt.
 - d. The City of Mountain Lake shall receive a confirmation/safekeeping receipt with a complete description of the collateral on the repo.

PROHIBITED INVESTMENTS

It is the City’s policy to refrain from investing in banks, savings and loan associations, or credit unions whose equity to asset ratio is less than 6.0%.

MAXIMUM INVESTMENT

It is the policy of the City to determine its cash balance on a daily basis for the purpose of investing excess funds.

POOLING OF INVESTMENTS

For the purpose of making a maximum amount of funds available for investment, the cash for all City funds can be pooled in an investment account. Interest earnings are allocated amount the various funds based upon their average cash balance.

LIQUIDITY

The purpose of having part of the City's investment portfolio in very liquid funds is to ensure that funds will be available should unexpected large bills be presented for payment.

MAXIMUM INTEREST EARNINGS

After the liquidity needs, and scheduled maturity needs are satisfied, the balance of the funds available for investment are placed with institutions that offer the greatest safety and highest rate of return consistent with the maturities as determined by the City. Quotations or telephone bids are normally taken for all investments, whether they are short term or long term. This alleviates the problem of whom to place the investment with.

ANNUAL REVIEW

It shall be the practice of the City Council to review and approve the investment policy each year on the first regular meeting of January.

Data Practices Policy: City of Mountain Lake

Requests for Data About You and Your Rights as a Data Subject

Minnesota Statutes, sections 13.025 and 13.03 require this policy.

What is a “Data Subject”?

When government has information recorded in any form (paper, harddrive, voicemail, video, email, etc.), that information is called “government data” under the Government Data Practices Act (Minnesota Statutes, Chapter 13). When we can identify you in government data, you are the “data subject” of that data. The Data Practices Act gives you, as a data subject, certain rights. This policy explains your rights as a data subject, and tells you how to request data about you, your minor child, or someone for whom you are the legal guardian.

When Admin Has Data About You

The City of Mountain Lake has data on many people, such as employees, job applicants, vendors, etc. We can collect and keep data about you only when we have a legal purpose to have the data. Admin must also keep all government data in a way that makes it easy for you to access data about you.

Government data about an individual have one of three “classifications.” These classifications determine who is legally allowed to see the data. Data about you are classified by state law as public, private, or confidential. Here are some examples:

Public Data

The Data Practices Act presumes that all government data are public unless a state or federal law says that the data are not public. We must give public data to anyone who asks. It does not matter who is asking for the data or why the person wants the data. The following are examples of public data about you that we might have:

The following is are examples of public data about you: [Your name on an application for a license from the city or the names of all City of Mountain Lake employees.](#)

Private data

We cannot give private data to the general public. We can share your private data with you, with someone who has your permission, with our government entity staff whose job requires or permits them to see the data, and with others as permitted by law or court order. The following is an example of private data about you that we might have:

The following is an example of private data about you: [Social Security Numbers.](#)

Confidential Data

Confidential data have the most protection. Neither the public nor you can access confidential data even when the confidential data are about you. We can share confidential data about you with our government entity staff

who have a work assignment to see the data, and to others as permitted by law or court order. The following is an example of confidential data about you:

The following is an example of confidential data about you: *The identity of the subject of an active criminal investigation.*

Your Rights Under the Government Data Practices Act

As a data subject, you have the following rights.

Access to Your Data

You have the right to look at (inspect), free of charge, public and private data that we keep about you. You also have the right to get copies of public and private data about you. The Data Practices Act allows us to charge for copies. You have the right to look at data, free of charge, before deciding to request copies.

Also, if you ask, we will tell you whether we keep data about you and whether the data are public, private, or confidential.

As a parent, you have the right to look at and get copies of public and private data about your minor children (under the age of 18). As a legally appointed guardian, you have the right to look at and get copies of public and private data about an individual for whom you are appointed guardian.

Minors have the right to ask us not to give data about them to their parent or guardian. If you are a minor, we will tell you that you have this right. We will ask you to put your request in writing and to include the reasons that we should deny your parents access to the data. We will make the final decision about your request based on your best interests.

When We Collect Data From You

When we ask you to provide data about yourself that are not public, we must give you a notice called a Tennessean warning. The notice controls what we do with the data that we collect from you. Usually, we can use and release the data only in the ways described in the notice.

We will ask for your written permission if we need to use or release private data about you in a different way, or if you ask us to release the data to another person. This permission is called informed consent.

If you want us to release data to another person, you must use the consent form we provide.

Protecting Your Data

The Data Practices Act requires us to protect your data. We have established appropriate safeguards to ensure that your data are safe.

In the unfortunate event that we determine a security breach has occurred and an unauthorized person has gained access to your data, we will notify you as required by law.

When Your Data are Inaccurate or Incomplete

You have the right to challenge the accuracy and/or completeness of public and private data about you. You also have the right to appeal our decision. If you are a minor, your parent or guardian has the right to challenge data about you.

How to Make a Request For Your Data

You can ask to look at (inspect) data at our office, or ask for copies of data that we have about you, your minor child, or an individual for whom you have been appointed legal guardian.

Make a written request. You may make your request by mail, fax, email, or in person during City Hall hours to the Data Practices Compliance Officer, using the data request form on page 8.

We recommend using the sample **Data Request Form – Data Subjects** on page 8. If you do not choose to use the data request form, your request should:

- Say that you are making a request as a data subject, for data about you (or your child, or person for whom you are the legal guardian), under the Government Data Practices Act (Minnesota Statutes, Chapter 13).
- Include whether you would like to inspect the data, have copies of the data, or both.
- Provide a clear description of the data you would like to inspect or have copied.
- Provide proof that you are the data subject or data subject's parent/legal guardian.

We require proof of your identity before we can respond to your request for data. If you are requesting data about your minor child, you must show proof that you are the minor's parent. If you are a legal guardian, you must show legal documentation of your guardianship. Please see the Standards for Verifying Identity on page 9. If you do not provide proof that you are the data subject, we cannot respond to your request.

How We Respond to a Data Request

Upon receiving your request, we will review it.

- We may ask you to clarify what data you are requesting.
- We will ask you to confirm your identity as the data subject.

If we do not have the data, we will notify you in writing within 10 business days.

- If we have the data, but the data are confidential or not public data about someone else, we will notify you within 10 business days and identify the law that prevents us from providing the data.
- If we have the data, and the data are public or private data about you, we will respond to your request within 10 business days by doing one of the following:
 - Arrange a date, time, and place to inspect data in our offices, for free, or
 - Provide you with the data within 10 business days. You may choose to pick up your copies, or we will mail or fax them to you. We will provide electronic copies (such as email or CD-ROM) upon request if we keep the data in electronic format

We will provide notice to you about our requirement to prepay for copies.

Following our response, if you do not make arrangements within 10 business days to inspect the data or pay for the copies, we will conclude that you no longer want the data and will consider your request closed.

- After we have provided you with your requested data, we do not have to show you the same data again for 6 months unless there is a dispute about the data or we collect or create new data about you.

If you do not understand some of the data (technical terminology, abbreviations, or acronyms), please tell the person who provided the data to you. We will give you an explanation if you ask.

The Data Practices Act does not require us to create or collect new data in response to a data request, or to provide data in a specific form or arrangement if we do not keep the data in that form or arrangement. For example, if the data you request are on paper only, we are not required to create electronic documents to respond to your request. If we agree to create data in response to your request, we will work with you on the details of your request, including cost and response time.

In addition, we are not required to respond to questions that are not about your data requests, or that are not requests for government data.

Copy Costs – Data Subjects

Minnesota Statutes, section 13.04, subdivision 3 allows us to charge for copies.

You must pay for the copies before we will give them to you.

We do not charge for copies if the request is less than 20 pages.

Actual Cost of Making the Copies

We will charge the actual cost of making copies for data about you. In determining the actual cost, we include the employee-time to create and send the copies, the cost of the materials onto which we are copying the data (paper, CD, DVD, etc.), and mailing costs such as postage (if any).

If your request is for copies of data that we cannot copy ourselves, such as photographs, we will charge you the actual cost we must pay an outside vendor for the copies.

The cost of employee time to make copies is \$25.00 per hour.

Copy Charges Set by Ordinance = \$0.25 per page

We do not charge for other types of copies if the cost is less than \$5.00

If, because of the subject matter of your request, we find it necessary for a higher-paid employee to search for and retrieve the data, we will calculate the search and retrieve portion of the copy charge in at the higher salary/wage.

Data Practices Policy: City of Mountain Lake

Data Practices Policy For the Public

Minnesota Statutes, sections 13.025 and 13.03 require this policy.

Your Right to See Public Data

The Government Data Practices Act (Minnesota Statutes, Chapter 13) presumes that all government data are public unless a state or federal law says the data are not public. Government data means all recorded information a government entity has, including paper, email, flash drives, CDs, DVDs, photographs, etc.

The law also says that the Department of Administration (“Admin”) must keep all government data in a way that makes it easy for you to access public data. You have the right to look at (inspect), free of charge, all public data that we keep. You also have the right to get copies of public data. The Data Practices Act allows us to charge for copies. You have the right to look at data, free of charge, before deciding to request copies.

How to Request Public Data

You can ask to look at (inspect) data at our office or ask for copies of public data that we keep. Data requests must be in writing, and must be mailed or emailed to Admin’s Data Practices Compliance Official (“DPCO”) or another appropriate designee listed in the Data Practices Contacts on page 4. If you have any questions about making a data request, contact our DPCO.

We recommend using the sample **Data Request Form – Members of the Public** on page 6. If you do not use the data request form, your request should:

- Say that you are making a request for public data under the Government Data Practices Act (Minnesota Statutes, Chapter 13).
- Include whether you would like to inspect the data, have copies of the data, or both.
- Provide a clear description of the data you would like to inspect or have copied.

You are not required to identify yourself or explain the reason for your data request. However, you may need to provide us with some personal information for practical reasons (for example: if you want us to mail copies to you, you need to provide us with an address or P.O Box). If we do not understand your request and have no way to contact you, we cannot respond to your request.

How We Will Respond to Your Data Request

Upon receiving your request, we will review it.

- We may ask you to clarify what data you are requesting.
- If we do not have the data, we will tell you as soon as reasonably possible.
- If we have the data, but we are not allowed to give it to you, we will tell you as soon as reasonably possible and identify the law that prevents us from providing the data.
- If we have the data, and the data are public, we will respond to your request appropriately and promptly, within a reasonable amount of time by doing one of the following:
 - Arrange a date, time, and place for you to inspect the data at our offices; or

- Tell you the amount you owe for copy costs, and then provide you with copies of the data as soon as reasonably possible after you pay them. You may choose to pick up your copies, or we will mail or email them to you. We will provide electronic copies (such as email or CD-ROM) upon request, if we keep the data in that format and we can reasonably make a copy.
- Response time may be impacted by the size and/or complexity of your request, and also by the number of requests you make in a given period of time.
- If you do not arrange to inspect the data or pay for the copies within 10 business days after we tell you the data are ready, we will conclude that you no longer want the data and will consider your request closed.
- If you do not respond to a request for clarification within 10 business days, we will conclude that you no longer want the data and will consider your request closed.

If you do not understand some of the data (technical terminology, abbreviations, or acronyms), please tell the person who provided the data to you. We will give you an explanation if you ask.

The Data Practices Act does not require us to create or collect new data in response to a data request, or to provide data in a specific form or arrangement if we do not keep the data in that form or arrangement. For example, if the data you request are on paper only, we are not required to create electronic documents to respond to your request. If we agree to create data in response to your request, we will work with you on the details of your request, including cost and response time.

We are also not required to respond to questions that are not about your data requests, or requests for government data.

Requests for Summary Data

Summary data are statistical records or reports created by removing identifying information about individuals from entirely private or confidential data. We will create summary data if you request it in writing and pre-pay for the cost of creating the data.

You may use the data request form on page 6 to request summary data. We will respond to your request within ten business days with the data or details of when the data will be ready and how much we will charge you.

Copy Costs – When You Request Public Data

We charge for copies of government data when the total charges are \$5.00 or more. Minnesota Statutes, section 13.03, subdivision 3(c) allows us to charge for copies. Multiple requests made within the same 10 business-day period will be treated as a single request, for the purposes of calculating whether the \$5.00 minimum is met. Copy costs must be paid in full before Admin will provide the requested copies. Multiple requests made within the same 10 business-day period will be treated as a single request for the purposes of calculating total copy costs.

For 100 or fewer paper copies – 25 cents per page

100 or fewer pages of black and white, letter or legal size paper copies cost 25¢ for a one-sided copy, or 50¢ for a two-sided copy.

Most other types of copies – actual cost

The charge for most other types of copies, when a charge is not set by statute or rule, is the actual cost of searching for and retrieving the data, and making the copies or electronically sending the data.

In determining the actual cost of making copies, we include employee time, the cost of the materials onto which we are copying the data (paper, CD, DVD, etc.), and mailing costs (if any). If your request is for copies of data that we cannot copy ourselves, such as photographs, we will charge you the actual cost we must pay an outside vendor for the copies.

If, based on your request, we find it necessary for a higher-paid employee to search for and retrieve the data, we will calculate search and retrieval charges at the higher salary/wage.

If possible, and upon request, we will provide you with an estimation of the total cost of supplying copies.

Policy for Ensuring the Security of Non-Public-Data

Legal Requirement

The adoption of this policy by the City of Mountain Lake “The City” satisfies the requirement in Minnesota Statutes, section 13.05, Subd. 5, to establish procedures insuring appropriate access to non-public data. By incorporating employee access to non-public data in the City’s Data inventory (required by Minnesota Statutes, section 13.0225, Subd. 1), in the individual employee’s position description, or both, the City’s policy limits access to non-public data to employees whose work assignment reasonably requires access.

Please direct all questions regarding this policy to the City of Mountain Lake’s Data Practices Compliance Official (DPCO):

Michael Mueller, City Administrator
mmueller@mountainlakemn.com
 507-427-2999 Ext. 1
 Fax: 507-427-3327
 P.O. Box C
 930 Third Ave.
 Mountain Lake, MN 56159

Procedures implementing this policy

Data Inventory

Under the requirement in Minnesota Statutes, section 13.025, Subd. 1, the City has prepared a Data Inventory which identifies and describes all non-public data on individuals maintain by the City. To comply with the requirements in section 13.05, Subd. 5, the City has also included in its Data Inventory employees who have access to non-public data.

In the event of a temporary assignment an employee may access certain non-public data when necessary.

In addition to the employees listed in the City’s Data Inventory, the Responsible Authority/Data Practices Compliance Official and City Attorney may have access to all non-public data maintained by the City if necessary for specified duties. Any access to non-public data will be strictly limited to the data necessary to complete the work assignment.

Employee position descriptions

Position descriptions may contain provisions identifying any non-public data accessible to the employee when a work assignment reasonably requires access.

Data sharing with authorized entities or individuals

State of federal law may authorize the sharing of non-public data in specific circumstances. Non-public data may be shared with another entity if a federal or state law allows or mandates it. Individuals will be notified of any sharing in applicable Tennessee warnings (see Minnesota Statutes, section 13.04) or the City will obtain the individual's informed consent. Any sharing of non-public data will be strictly limited to the data necessary or required to comply with the applicable law.

Ensuring that non-public data are not access without a work assignment

When a work task is assigned to an employee that requires access to non-public data the City Administrator or Department Head will inform the employee which data are non-public and that the data may not be disclosed to anyone else including other city employees.

When non-public data must be provided to county or state employees or to appointed or elected officials of the City, County or State, the City Administrator or Department Head shall inform the appointed or elected official which data are non-public and that the data may not be disclosed to anyone else.

Recommended actions for ensuring appropriate access include:

- Assigning appropriate security roles, limit access to shared network drives, and implement password protections for non-public electric data
- Password protecting employee computers and locking computers before leaving work stations
- Securing non-public data within locked work spaces and in locked file cabinets
- Shredding non-public documents before disposing of them

Notice of a Breach

If the City becomes aware of an authorized acquisition of non-public data, City Staff shall take the following actions:

1. Send a Notice to the individual who is subject of the data and whose private or confidential data was, or is reasonable believed to have been, acquired by an unauthorized person.
2. The Notice shall be in substantial form as the attached form and sent via First Class mail or email.
3. The City shall conduct an investigation into any breach in the security of data.
4. After finishing the investigation, the City shall have a report prepared on the facts and results of the investigation. This report shall be made available to the subject of the data by U.S. mail or email.

5. In compliance with MN Statutes Section 13.055 Subd. 2(b), the report must include at minimum;
 - a) A description of the type of data that were accessed or acquired;
 - b) The number of individuals whose data was improperly accessed or acquired;
 - c) If an employee has been disciplined for the improper access and there has been a final disposition of that discipline as defined in MN Statutes Section 13.43, the name of the employee responsible for the unauthorized access or acquisition and the final disposition of discipline.
 - d) If a contractor or agent of the government entity is responsible for the unauthorized access, whether the City has changed how it does business with that contractor.

Annual Security Assessment

The City of Mountain Lake staff shall annually conduct a security assessment of any personal information maintained by the City.

Penalty for Violation of this Policy

Violation of this policy by a City of Mountain Lake employee is just cause for suspension without pay or termination. Minnesota Statute Section 13.09 provides that anyone who willfully violates this policy or applicable Minnesota Statutes or whose conduct constitutes the knowing unauthorized acquisition of non-public data, is guilty of a misdemeanor.

NOTICE TO INDIVIDUAL OF BREACH OF SECURITY
