#### Call to Order

The meeting was called to order at 7 AM.

#### **Approval of Minutes and Bills**

Motion by Johnson, seconded by Garloff to approve the August 22<sup>nd</sup> Minutes and Check Numbers 23648-23691 (581E-584E). Motion carried.

#### **Electric Department**

The quote from Farabee for the repairs needed for generator #2 was received. Since capacity payments have been paid out, it would be cheaper to repair the generator than to pay back the funds received from capacity. Since the capacity payments are based on the season and the market, the amount owed will not be calculated until the end of the year. Farabee has been scheduled to come out in October to begin the repair work. The hope is that the generator will pass emissions with these repairs and then no payback will be needed.

Watkins also mentioned that they are still quoting prices for the mini excavator. Windom does have one available for sale, however, he believes it is not large enough for their needs. With help from the street department, the light poles are Third Avenue, have received updated paint and epoxy.

#### Water/Wastewater Department

Nesmoe advised that they were to begin sewer cleaning, however, there were some tears found in the Jetter hose. Flexible pipe did come out to mend the hose and sewer cleaning should start this week. Repairs were also needed on a few of the lift station seals. The Nickel Street Lift station seal has been repaired. However, the seal for the main lift will cost around \$25,000 to repair. Nesmoe did reach out to John Graupmann, who believes the lift should be under warranty. At this time, Electric Pump has been contacted to make the repairs and hopefully, funds will be received back.
