### DRAFT

### Regular Council Meeting Mountain Lake City Hall Monday, October 16, 2017 6:30 p.m.

Members Present:

Dana Kass, David Savage, Andrew Ysker

Members Absent:

Darla Kruser, Mike Nelson

Staff Present:

Wendy Meyer, Clerk/Administrator; Maryellen Suhrhoff, City Attorney,

Muske, Muske and Suhrhoff

Others Present:

None

### Call to Order

The meeting was called to order by Acting Mayor Savage at 6:30p.m. <u>Motion by Kass</u>, <u>seconded by Ysker</u>, to adopt the agenda and to approve the consent agenda as presented. <u>Motion carried</u>.

Bills: Check #'s 20408 - 20467; 506E, 508E - 509E Approval of Payroll Checks #'s 63437 - 63471

Approval of October 2 Council Minutes

September Library Board Minutes, September Library Report, September Expenditures

July 11 Tree Commission Minutes

September 28 Utility Commission Minutes September 11 Lake Commission Minutes

September 8 Economic Development Authority Minutes

### **Public**

No one was present to address the council during this portion of the meeting.

### First Reading Floodplain Management Ordinance #7-17

The draft ordinance and the Flood Insurance Rate Map (FIRM) currently in effect were reviewed. The ordinance will be forwarded to the MN Department of Natural Resources (DNR) for their approval.

### Zaremba Group/Dollar General

Water and sewer lines need to be extended to the lot that Zaremba intends to purchase from JLJR Midway LLC on west Third Avenue. Zaremba will prepare plans for the project for approval by the city engineer, hire a contractor, and pay for the work. Three options were presented by Zaremba at the October 12 Utility Commission meeting. In all three options the sewer line will cross the property in a southeasterly direction to a manhole on the sewer main being constructed to serve the Mt. Lake Commercial Park. There is no difference in cost. JLJR has agreed to an

easement allowing the sewer line to cross the property JLJR will continue to own after the sale of the Zaremba lot.

The cost of the three options for water varies. Option #3 meets Zaremba's needs. The city engineer, to meet city requirements, is recommending Option #1 or #2 with 8 inch water mains. Option #1 is best long term because it puts in place infrastructure that would support the further development south on Co. Rd. #27, and the eventual looping of water to the new subdivision. The cost difference between Options #1 and #3, of roughly \$25,000 - \$30,000, was discussed. The business will not be a significant water user. The Utility Commission approved the use of Option #1 with eight inch water mains and recommended to the council that the cost difference between Options #1 and #3 be refunded to Zaremba through tax abatement. The rough estimated value of the building, the approximate amount of property tax generated, and the approximate amount that could be abated were discussed. Motion by Kass, seconded by Ysker, to support the use of property tax abatement in the Zaremba/Dollar General project provided a satisfactory agreement with Zaremba can be reached. Motion carried. A development agreement with specific amounts and terms will be presented to the council for their approval when actual costs are known.

### Review of 2017 Budget and Current Fund Cash Balances

Expenses, revenues, and fund balances through the end of the third quarter were reviewed. No action taken.

### City Attorney –Update

Several public nuisances were briefly discussed.

### **School Board Update**

There was no update.

### **Broadcasting Council Meetings**

Questions were raised regarding storing recorded meetings to meet legal requirements, re-broadcasting on the public access channel, and accessing recorded meetings from the city's website. The administrator will contact Computer Lodge.

### **Community Center**

Motion by Kass, seconded by Ysker to replace the front (south) door at the Community Center at a cost of \$1,882.43. Motion carried. The kitchen floor will be replaced sometime in the future.

### Adjourn

Motion by Ysker, seconded by Kass, to adjourn at 7:23 PM.

ATTEST:	
Wendy Meyer, Clerk/Administrator	- 345

## City of Mountain Lake Planning and Zoning Commission Tuesday, August 22, 2017 5:30 PM City Hall

Members Present:

Bryan Bargen, Dean Janzen, Doug Regehr, Tim Swoboda, Sharron Hanson and

Council Liaison Andy Ysker

Members Absent:

Nik Strom

Staff Present:

Rob Anderson, Community Development Director

Others Present:

None

### Call to Order

The meeting was called to order at 5:30 PM.

### Agenda and Minutes

There were no additions to the agenda. Motion by Janzen, seconded by Hanson, to adopt the agenda as presented. Motion carried. Motion by Swoboda, seconded by Janzen, to approve the July 31 minutes. Motion carried.

### Modification of Tax Increment Plan District 1-8

- a. Map of Area. Anderson explained the TIF Redevelopment Plan for District 1-8.
- b. Sections of 2015 TIF Plan to be Modified. Anderson explained the need for modification of TIF District
- 1-8 is from changes needed when the plan was written regarding size and scope of the project to actual development moving forward today. Anderson gave a brief overview of the construction being planned, occupants, budget and expected outcomes.
- c. Sections of 2017 Plan to be Adopted. Anderson explained how Tax Increment Financing (TIF) works and again explained the expected outcomes of the project. Anderson explained that the use of TIF revenue over a 26 year period along with Sanford Clinic lease should attract a private developer to take over the project.
- d. Resolution P&Z #1. Motion by Janzen, seconded by Hanson, to approve Resolution P&Z#1, A
  Resolution of the Planning Commission Finding Proposed Modification to Tax Increment Financing Plan
  for Tax Increment Financing District #1-8 Within Redevelopment Project #1 Conforms to the Plan for
  Development of the City of Mountain Lake as a Whole. Motion carried.

### Adjourn

ATTEST:

**Police Commission Minutes** 

Flag Status:

Flagged

Sept. 19th, 2017

Present: Dana K., Brian L., Wendy M., Doug B., Chuck W. & Norm K.

Zuercher report: 172 calls

The scope mount Doug ordered for the M16 won't work so that plan has been put on hold for now. Next spring maybe .

No new squad info.

No new news on Nelson Ford.

Body cams still aren't going to happen for awhile.

The bicycle gets some use but not much.

Respectfully submitted , Norm K.

## Mountain Lake Utilities Commission Meeting Mountain Lake City Hall Thursday, October 12, 2017 7 AM

Members Present:

Commissioners John Carrison, Mike Johnson, Todd Johnson, Mark

Langland, Brett Lohrenz; Council Liaison David Savage

Members Absent:

None

Staff Present:

Wendy Meyer, Clerk/Administrator; Ron Melson, Electric Supt.; Tristan

Varpness, Lineman; Kevin Krahn, Water/Wastewater Superintendent, and

Dave Watkins, Water Worker/Superintendent

Others Present:

Andy Kehren, Bolton and Menk, City Engineer; MaryAnn Wervey,

Zaremba Group/Dollar General

### Call to Order

The meeting was called to order at 7 AM. There were no additions to the agenda.

Approval of September 14 Minutes, and Bills: Check Numbers 17478 - 17513

Motion by T. Johnson, seconded by Carrison, to approve the minutes and pay the bills. Motion carried.

### Zaremba Group/Dollar General

Zaremba will prepare plans to be approved by the city engineer, hire a contractor, and pay for the work. Three options were presented by Zaremba to provide water and sewer to the lot they intend to purchase from JLJR. In all three options the sewer line will cross the property in a southeastern direction to a manhole on the sewer main being constructed to serve the Mt. Lake Commercial Park. JLJR has agreed to an easement allowing the sewer line to cross property JLJR will continue to own after the sale of the Zaremba lot.

Option 3 meets Zaremba's water needs. The city engineer, to meet city requirements, is recommending Option 1 or 2 with 8 inch water mains. Option 1 is the best long term option because it would put in place infrastructure that would support the further development of the JLJR property and the eventual looping of water to the new subdivision. The cost difference between Options 1 and 3 was discussed. The business will not be a significant water user.

Motion by Lohrenz, seconded by Carrison to require Option #1 with an upgrade to an 8 inch water main; and recommend to the council that the difference between Options #1 and #3 be refunded to Zaremba through tax abatement. Motion carried.

### **Power Plant Tuck-pointing**

Melson told the commission that Karr will be tuck-pointing the north, south and west sides of the power plant in 2018

### **Substation Update**

Melson updated the work completed since the last commission meeting and reviewed the work remaining. It was agreed that the Utility will not bill the Police Department for a portion of the fence but will charge the department rent when a vehicle is impounded.

### Adjourn

The meeting was adjourned at 8:07AM.

Approved October 26, 2017.

Wendy Meyer, Clerk Administrator

### ORDINANCE #7-17

### AN ORDINANCE OF THE CITY OF MOUNTAIN LAKE

### **ESTABLISHING SECTION 9.34**

### RESTRICTIVE FLOODPLAIN MANAGEMENT ORDINANCE

### SUBDIVISION 1.0 STATUTORY AUTHORIZATION AND PURPOSE:

1.1 Statutory Authorization: The legislature of the State of Minnesota has, in Minnesota Statutes Chapter 103F and Chapter 462, delegated the responsibility to local government units to adopt regulations designed to minimize flood losses.

### 1.2 Purpose:

- 1.21 This ordinance regulates development in the flood hazard areas of the City of Mountain Lake. These flood hazard areas are subject to periodic inundation, which may result in loss of life and property, health and safety hazards, disruption of commerce and governmental services, extraordinary public expenditures for flood protection and relief, and impairment of the tax base. It is the purpose of this ordinance to promote the public health, safety, and general welfare by minimizing these losses and disruptions.
- 1.22 National Flood Insurance Program Compliance. This ordinance is adopted to comply with the rules and regulations of the National Flood Insurance Program codified as 44 Code of Federal Regulations Parts 59 -78, as amended, so as to maintain the community's eligibility in the National Flood Insurance Program.
- 1.23 This ordinance is also intended to preserve the natural characteristics and functions of watercourses and floodplains in order to moderate flood and stormwater impacts, improve water quality, reduce soil erosion, protect aquatic and riparian habitat, provide recreational opportunities, provide aesthetic benefits and enhance community and economic development.

### SUBDIVISION 2.0 GENERAL PROVISIONS:

- 2.1 Lands to Which Ordinance Applies: This ordinance applies to all lands within the jurisdiction of the City of Mountain Lake shown on the Flood Insurance Rate Maps adopted in Subdivision 2.2 as being located within the boundaries of the Floodplain District. The Floodplain District is an overlay district that is superimposed on all existing zoning districts. The standards imposed in the overlay districts are in addition to any other requirements in this ordinance. In case of a conflict, the more restrictive standards will apply.
- 2.2 Adoption of Flood Insurance Study and Maps: The Flood Insurance Study for Cottonwood County, Minnesota, and Incorporated Areas, dated July 1980, and Flood Insurance Rate Map panel 2706220150B, dated January 2, 1981; prepared by the Federal Emergency Management Agency,

- are hereby adopted by reference and declared to be a part of this ordinance and the Official Zoning Map. These materials are on file at Mountain Lake City Hall.
- 2.3 **Interpretation:** The boundaries of the Floodplain District are determined by scaling distances on the Flood Insurance Rate Map.
  - 2.31 Where a conflict exists between the floodplain limits illustrated on the official zoning map and actual field conditions, the flood elevations must be the governing factor. The Zoning Administrator must interpret the boundary location based on the ground elevations that existed on the site on the date of the first National Flood Insurance Program map showing the area within the regulatory floodplain, and other available technical data.
  - 2.32 Persons contesting the location of the district boundaries will be given a reasonable opportunity to present their case to the *City Council* and to submit technical evidence.
- 2.4 **Abrogation and Greater Restrictions:** It is not intended by this ordinance to repeal, abrogate, or impair any existing easements, covenants, or deed restrictions. However, where this ordinance imposes greater restrictions, the provisions of this ordinance prevail. All other ordinances inconsistent with this ordinance are hereby repealed to the extent of the inconsistency only.
- 2.5 **Warning and Disclaimer of Liability:** This ordinance does not imply that areas outside the floodplain districts or land uses permitted within such districts will be free from flooding or flood damages. This ordinance does not create liability on the part of the City of Mountain Lake or any officer or employee thereof for any flood damages that result from reliance on this ordinance or any administrative decision lawfully made hereunder.
- 2.6 **Severability:** If any subdivision, clause, provision, or portion of this ordinance is adjudged unconstitutional or invalid by a court of law, the remainder of this ordinance shall not be affected and shall remain in full force.
- 2.7 **Definitions:** Unless specifically defined below, words or phrases used in this ordinance must be interpreted so as to give them the same meaning as they have in common usage and so as to give this ordinance its most reasonable application.
  - 2.711 Base Flood the flood having a one percent chance of being equaled or exceeded in any given year.
  - 2.712 Base Flood Elevation The elevation of the "regional flood," as defined. The term "base flood elevation" is used in the flood insurance survey.
  - 2.713 Development any man-made change to improved or unimproved real estate including, but not limited to, buildings, manufactured homes, and other structures, recreational vehicles, mining, dredging, filling, grading, paving, excavation, drilling operations, or storage of materials or equipment.
  - 2.714 Farm Fence A fence as defined by Minn. Statute §344.02 Subd. 1(a)-(d). An open type fence of posts and wire is not considered to be a structure under this

- ordinance. Fences that have the potential to obstruct flood flows, such as chain link fences and rigid walls, are not permitted in the Floodplain District.
- 2.715 Flood Fringe the portion of the floodplain located outside of the floodway. Flood fringe is synonymous with the term "floodway fringe" used in the Flood Insurance Study, Crow Wing County, Minnesota and Incorporated Areas.
- 2.716 Flood Insurance Rate Map An official map of a community, on which the Federal Insurance Administrator has delineated both the special hazard areas and the risk premium zones applicable to the community. A FIRM that has been made available digitally is called a Digital Flood Insurance Rate Map (DFIRM).
- 2.717 Floodplain the areas adjoining a watercourse which have been or hereafter may be covered by the regional flood.
- 2.718 Floodway the bed of a wetland or lake and the channel of a watercourse and those portions of the adjoining floodplain which are reasonably required to carry or store the regional flood discharge.
- 2.719 Manufactured Home a structure, transportable in one or more sections, which is built on a permanent chassis and is designed for use with or without a permanent foundation when attached to the required utilities. The term "manufactured home" does not include the term "recreational vehicle."
- 2.720 Obstruction any dam, wall, wharf, embankment, levee, dike, pile, abutment, projection, excavation, channel modification, culvert, building, wire, fence (with the exception of farm fences), stockpile, refuse, fill, structure, or matter in, along, across, or projecting into any channel, watercourse, or regulatory floodplain which may impede, retard, or change the direction of the flow of water, either in itself or by catching or collecting debris carried by such water.
- 2.721 Recreational Vehicle a vehicle that is built on a single chassis, is 400 square feet or less when measured at the largest horizontal projection, is designed to be self-propelled or permanently towable by a light duty truck, and is designed primarily not for use as a permanent dwelling but as temporary living quarters for recreational, camping, travel, or seasonal use. For the purposes of this ordinance, the term recreational vehicle is synonymous with the term "travel trailer/travel vehicle."
- 2.722 Regional Flood a flood which is representative of large floods known to have occurred generally in Minnesota and reasonably characteristic of what can be expected to occur on an average frequency in the magnitude of the 1% chance / 100-year recurrence interval. Regional flood is synonymous with the term "base flood" used in the Flood Insurance Study.
- 2.723 Regulatory Flood Protection Elevation an elevation no lower than one foot above the elevation of the regional flood plus any increases in flood elevation caused by encroachments on the floodplain that result from designation of a floodway.
- 2.724 Structure anything constructed or erected on the ground or attached to the ground, including, but not limited to, buildings, factories, sheds, detached garages, cabins, manufactured homes, and other similar items.

- 2.725 Substantial Damage damage of any origin sustained by a structure where the cost of restoring the structure to its before damaged condition would equal or exceed 50 percent of the market value of the structure before the damage occurred.
- 2.726 Substantial Improvement within any consecutive 365-day period, any reconstruction, rehabilitation (including normal maintenance and repair), repair after damage, addition, or other improvement of a structure, the cost of which equals or exceeds 50 percent of the market value of the structure before the "start of construction" of the improvement. This term includes structures that have incurred "substantial damage," regardless of the actual repair work performed. The term does not, however, include either:
  - (a) Any project for improvement of a structure to correct existing violations of state or local health, sanitary, or safety code specifications which have been identified by the local code enforcement official and which are the minimum necessary to assure safe living conditions.
  - (b) Any alteration of a "historic structure," provided that the alteration will not preclude the structure's continued designation as a "historic structure." For the purpose of this ordinance, "historic structure" is as defined in 44 Code of Federal Regulations, Part 59.1.
- 2.8. Annexations: The Flood Insurance Rate Map panels adopted by reference into Subdivision 2.2 above may include floodplain areas that lie outside of the corporate boundaries of the City of Mountain Lake at the time of adoption of this ordinance. If any of these floodplain areas are annexed into the City after the date of adoption of this ordinance, the newly annexed floodplain lands will be subject to the provisions of this ordinance immediately upon the date of annexation.

### SUBDIVISION 3.0 ESTABLISHMENT OF FLOODPLAIN DISTRICT

- 3.1 Areas Included: The Floodplain District for the City of Mountain Lake includes those areas designated as Zone A on the Flood Insurance Rate Maps adopted in Subdivision 2.2, as well as other locations where the best available data identifies special flood hazard areas. The Floodplain District is an overlay district to all existing land use districts. The requirements of this ordinance apply in addition to other legally established regulations of the community. Where this ordinance imposes greater restrictions, the provisions of this ordinance apply.
- 3.2 **Compliance:** No new structure or land shall hereafter be used and no structure shall be constructed, located, extended, converted, or structurally altered without full compliance with the terms of this ordinance and other applicable regulations. Within the Floodplain District, all uses not listed as permitted uses in Subdivision 4.0 are prohibited.

### SUBDIVISION 4.0 PERMITTED USES AND STANDARDS IN THE FLOODPLAIN DISTRICT:

4.1 **Permitted Uses:** The following uses are permitted within the Floodplain District without a permit provided that they are allowed in any underlying zoning district and not prohibited by any other ordinance; and provided that they do not require structures, fill, obstructions, excavations, drilling operations, storage of materials or equipment or any other form of development as defined in Subdivision 2.712 of this ordinance. If the use does require fill, obstruction, excavation, storage of

materials or any other form of development as defined in Subdivision 2.712 of this ordinance, a permit and compliance with Subdivision 4.2 of this ordinance is required. The permit requirement may be waived if there is an application for a public waters work permit from the Department of Natural Resources.

- 4.11 Agricultural uses such as general farming, pasture, grazing, forestry, sod farming, and wild crop harvesting. Farm fences that do not obstruct flood flows are permitted.
- 4.12 Outdoor plant nurseries and horticulture.
- 4.13 Private and public recreational uses such as golf courses, tennis courts, driving ranges, archery ranges, picnic grounds, boat launching ramps, swimming areas, parks, wildlife and nature preserves, game farms, shooting preserves, target ranges, hunting and fishing areas, and single or multiple purpose recreational trails.
- 4.14 Lawns, gardens, parking areas, and play areas.
- 4.15 Railroads, roads, bridges, utility transmission lines, pipelines and other public utilities, provided that the Department of Natural Resources is notified at least ten (10) days prior to issuance of any permit.

### 4.2 Standards for Permitted Uses:

- 4.21 The use must have low flood damage potential.
- 4.22 The use must not cause any increase in the stage of the 1% chance or regional flood or cause an increase in flood damages in the reach or reaches affected. This provision applies to structures (temporary or permanent), fill (including fill for roads and levees), deposits, obstructions, storage of materials or equipment, and all other uses.
- 4.23 Floodplain developments must not adversely affect the hydraulic capacity of the channel and adjoining floodplain of any tributary watercourse or drainage system.
- 4.24 Public utilities, roads, railroad tracks and bridges to be located within the floodplain must be designed in accordance with Subdivisions 4.22 and 4.23 above, or must obtain a Conditional Letter of Map Revision meeting the requirements of 44 CFR 603(d).
  - (a) When failure or interruption of these public facilities would result in danger to the public health or safety or where such facilities are essential to the orderly functioning of the area, such facilities must be elevated to the regulatory flood protection elevation.
  - (b) Where failure or interruption of service would not endanger public health or safety, minor or auxiliary roads, railroads or utilities may be constructed at a lower elevation.
- 4.25 New or replacement water supply systems and sanitary sewage systems must be designed to minimize or eliminate infiltration of flood waters into the systems and discharges from the systems into flood waters.

### SUBDIVISION 5.0 ADMINISTRATION

- 5.1 **Zoning Administrator:** A Zoning Administrator or other official designated by the City Council must administer and enforce this ordinance.
- 5.2 **Development Approvals:** Any construction, enlargement, alteration, repair, improvement, moving or demolition of any building or structure must comply with the requirements of this ordinance. No mining, dredging, filling, grading, paving, excavation, obstruction, drilling operation or other form of development as defined in Subdivision 2.0 of this ordinance are allowed, other than the uses permitted in Subdivision 4.1 and the activities allowed under Subdivision 6.
- 5.3 **Permit Required.** A permit must be obtained from the Zoning Administrator prior to conducting the following activities:
  - (a) Expansion, change, enlargement, or alteration of a nonconforming use as specified in Subdivision 6 of this ordinance. Normal maintenance and repair also requires a permit if such work, separately or in conjunction with other planned work, constitutes a substantial improvement as defined in Subdivision 2.7 of this ordinance.
  - (b) Any use that requires fill, obstruction, excavation, storage of materials, or any other form of development as defined in Subdivision 2.7 of this ordinance.
  - 5.31 Permit applications must be submitted to the Zoning Administrator on forms provided for that purpose and shall include the following where applicable: plans drawn to scale, showing the nature, location, dimensions, and elevations of the lot; existing or proposed structures, fill, or storage of materials; and the location of the foregoing in relation to the stream channel.
  - 5.32 Prior to granting a permit, the Zoning Administrator must verify that the applicant has obtained all necessary state and federal permits.

### 5.4 Variances:

- 5.41 An application for a variance to the provisions of this ordinance will be processed and reviewed in accordance with applicable state statutes and Subdivision 2 Section 9.70 of Chapter 9, Mt. Lake City Code.
- 5.42 A variance must not allow a use that is not allowed in that district; permit a lower degree of flood protection than the regulatory flood protection elevation for the particular area, or permit standards lower than those required by state law.
- 5.43 The following additional variance criteria of the Federal Emergency Management Agency must be met:
  - (a) Variances must not be issued by a community within any designated regulatory floodway if any increase in flood levels during the base flood discharge would result.
  - (b) Variances may only be issued by a community upon (i) a showing of good and sufficient cause, (ii) a determination that failure to grant the variance would result in

- exceptional hardship to the applicant, and (iii) a determination that the granting of a variance will not result in increased flood heights, additional threats to public safety, extraordinary public expense, create nuisances, cause fraud on or victimization of the public, or conflict with existing local laws or ordinances.
- (c) Variances may only be issued upon a determination that the variance is the minimum necessary, considering the flood hazard, to afford relief.
- 5.44 The City Council must submit hearing notices for proposed variances to the Department of Natural Resources sufficiently in advance to provide at least ten days' notice of the hearing. The notice may be sent by electronic mail or U.S. Mail to the respective DNR area hydrologist.
- 5.45 A copy of all decisions granting variances must be forwarded to the Commissioner of the Department of Natural Resources within ten days of such action. The notice may be sent by electronic mail or U.S. Mail to the respective DNR area hydrologist.
- 5.46 The Zoning Administrator must notify the applicant for a variance that: 1) The issuance of a variance to construct a structure below the base flood level will result in increased premium rates for flood insurance up to amounts as high as \$25 for \$100 of insurance coverage and 2) Such construction below the base or regional flood level increases risks to life and property
- 5.47 The Zoning Administrator must maintain a record of all variance actions, including justification for their issuance, and must report such variances in an annual or biennial report to the Administrator of the National Flood Insurance Program, when requested by the Federal Emergency Management Agency.
- 5.5 **Notifications for Watercourse Alterations:** Before authorizing any alteration or relocation of a river or stream, the Zoning Administrator must notify adjacent communities. If the applicant has applied for a permit to work in public waters pursuant to Minnesota Statute, Chapter 103G.245, this will suffice as adequate notice. A copy of the notification must also be submitted to the Chicago Regional Office of the Federal Emergency Management Agency (FEMA).
- 5.6 Notification to FEMA When Physical Changes Increase or Decrease Base Flood Elevations: As soon as is practicable, but not later than six months after the date such supporting information becomes available, the Zoning Administrator must notify the Chicago Regional Office of FEMA of the changes by submitting a copy of the relevant technical or scientific data.

### SUBDIVISION 6.0 NONCONFORMITIES

- 6.1 **Continuance of Nonconformities:** A use, structure, or occupancy of land which was lawful before the passage or amendment of this ordinance but which is not in conformity with the provisions of this ordinance may be continued subject to the following conditions. Historic structures, as defined in Subdivision 2.733(b) of this ordinance, are subject to the provisions of Subdivisions 6.11 6.14 of this ordinance.
  - 6.11 A nonconforming use, structure, or occupancy must not be expanded, changed, enlarged, or altered in a way that increases its nonconformity. There shall be no expansion to the

- outside dimensions of any portion of a nonconforming structure located within the Floodplain District.
- 6.12 The cost of all structural alterations or additions to any nonconforming structure over the life of the structure may not exceed 50 percent of the market value of the structure unless the conditions of this Subdivision are satisfied. The cost of all structural alterations and additions must include all costs such as construction materials and a reasonable cost placed on all manpower or labor. If the cost of all previous and proposed alterations and additions exceeds 50 percent of the market value of the structure, then the structure must meet the standards of Subdivision 6.2 of this ordinance.
- 6.13 If any nonconforming use, or any use of a nonconforming structure, is discontinued for more than one year, any future use of the premises must conform to this ordinance. The Assessor must notify the Zoning Administrator in writing of instances of nonconformities that have been discontinued for a period of more than one year.
- 6.14 If any nonconformity is substantially damaged, as defined in Subdivision 2.7 of this ordinance, it may not be reconstructed unless it is located in the flood fringe portion of the floodplain and it is reconstructed in accordance with the standards of Subdivision 6.2 of this ordinance
- 6.15 Any substantial improvement, as defined in Subdivision 2.7 of this ordinance, to a nonconforming structure, then the existing nonconforming structure must be located in the flood fringe portion of the floodplain and meet the requirements of Subdivision 6.2 of this ordinance.
- 6.2 **Standards for Reconstruction of Nonconforming Structures.** The following standards and procedures apply to nonconforming structures in the flood fringe portion of the floodplain, as allowed under Subdivision 6.1.
  - 6.21 All structures, including manufactured homes, must be elevated on fill so that the lowest floor including basement floor is at or above the regulatory flood protection elevation. The finished fill elevation for structures shall be no lower than one foot below the regulatory flood protection elevation and the fill shall extend at such elevation at least 15 feet beyond the outside limits of the structure.
  - 6.22 Fill must be properly compacted and the slopes must be properly protected by the use of riprap, vegetative cover or other acceptable method.
  - 6.23 Floodplain developments must not adversely affect the hydraulic capacity of the channel and adjoining floodplain of any tributary watercourse or drainage system.
  - 6.24 All manufactured homes must be securely anchored to an adequately anchored foundation system that resists flotation, collapse and lateral movement. Methods of anchoring may include, but are not limited to, use of over-the-top or frame ties to ground anchors. This requirement is in addition to applicable state or local anchoring requirements for resisting wind forces.
  - 6.25 On-site Sewage Treatment and Water Supply Systems: Where public utilities are not provided: 1) On-site water supply systems must be designed to minimize or eliminate infiltration of flood waters into the systems; and 2) New or replacement on-site sewage

- treatment systems must be designed to minimize or eliminate infiltration of flood waters into the systems and discharges from the systems into flood waters and they shall not be subject to impairment or contamination during times of flooding. Any sewage treatment system designed in accordance with the State's current statewide standards for on-site sewage treatment systems shall be determined to be in compliance with this Subdivision.
- 6.28 Certification. The applicant is required to submit certification by a registered professional engineer, registered architect, or registered land surveyor that the finished fill and building elevations were accomplished in compliance with the provisions of this ordinance. Floodproofing measures must be certified by a registered professional engineer or registered architect.
- 6.29 Record of First Floor Elevation. The Zoning Administrator must maintain a record of the elevation of the lowest floor (including basement) of all new structures and alterations to existing structures in the floodplain. The Zoning Administrator must also maintain a record of the elevation to which structures and alterations or additions to structures are floodproofed.

### SUBDIVISION 7.0 PENALTIES AND ENFORCEMENT

- 7.1 **Violation Constitutes a Misdemeanor:** Violation of the provisions of this ordinance or failure to comply with any of its requirements (including violations of conditions and safeguards established in connection with grants of variances) constitutes a misdemeanor and is punishable as defined by law.
- 7.2 Other Lawful Action: Nothing in this ordinance restricts the City of Mountain Lake from taking such other lawful action as is necessary to prevent or remedy any violation. If the responsible party does not appropriately respond to the Zoning Administrator within the specified period of time, each additional day that lapses will constitute an additional violation of this ordinance and will be prosecuted accordingly.
- 7.3 **Enforcement**: In responding to a suspected ordinance violation, the Zoning Administrator and City Council may utilize the full array of enforcement actions available to it including but not limited to prosecution and fines, injunctions, after-the-fact permits, orders for corrective measures or a request to the National Flood Insurance Program for denial of flood insurance availability to the guilty party. The City must act in good faith to enforce these official controls and to correct ordinance violations to the extent possible so as not to jeopardize its eligibility in the National Flood Insurance Program.

### SUBDIVISION 8.0 AMENDMENTS

8.1 Floodplain Designation – Restrictions on Removal: The floodplain designation on the Official Zoning Map shall not be removed from floodplain areas unless it can be shown that the designation is in error or that the area has been filled to or above the elevation of the regulatory flood protection elevation and is contiguous to lands outside the floodplain. Special exceptions to this rule may be permitted by the Commissioner of the Department of Natural Resources if the Commissioner determines that, through other measures, lands are adequately protected for the intended use.

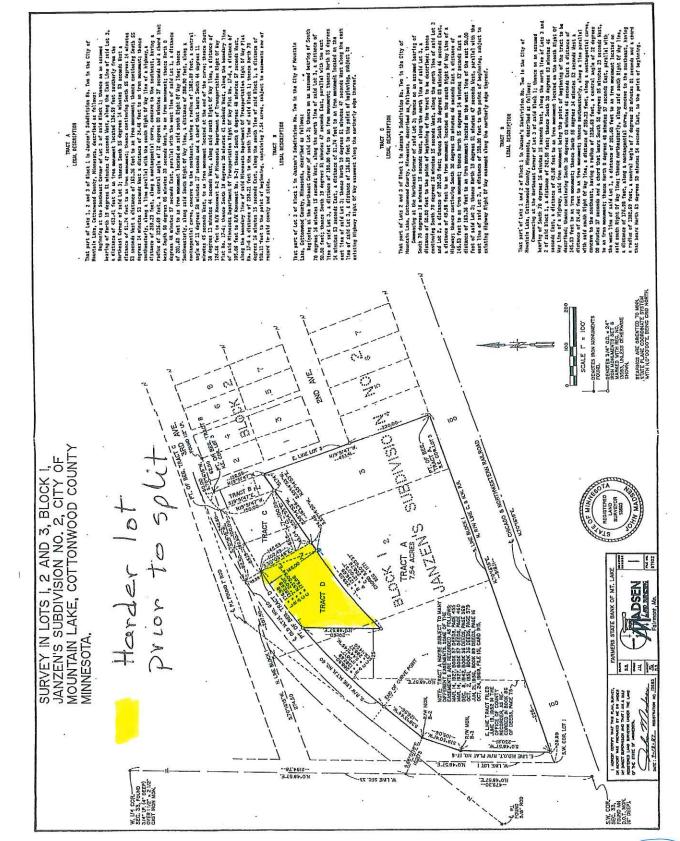

- 8.2 Amendments Require DNR and FEMA Approval: All amendments to this ordinance must be submitted to and approved by the Commissioner of the Department of Natural Resources (DNR) prior to adoption. The Commissioner of the DNR must approve the amendment prior to community approval.
- 8.3 **Map Amendments Require Ordinance Amendments.** The floodplain district regulations must be amended to incorporate any revisions by the Federal Emergency Management Agency to the floodplain maps adopted in Subdivision 2.2 of this ordinance.

	and the state of t
	<b>EFFECTIVE DATE:</b> This ordinance shall be in full force and effect from and after its passage and approval and publication, as required by law and/or charter.

### DRAFT Findings of Fact

Split of
PIN 22.413.0050 Portions of Lots 1 and 2,
Block 1, Janzen's Subdivision #2;
and
PIN 22.413.0030 Portions of Lots 1, 2 and 3,
Block 1, Janzen's Subdivision #2

### City of Mountain Lake

### **FACTS**

That JLJR Midway LLC, hereafter 'JLJR' s the owner of 22.413.0030; and Brenda Harder, hereafter 'Harder', is the owner of 22.413.0050.

That JLJR and Harder have petitioned for the split of a .08 acre tract from each of their properties, hereafter called Tract E and Tract F, with the re-attachment to the property of the other in accordance with *Section 10.10*, *Subdivision 6*, *of Mountain Lake City Code*. (See Attachment A.)

That both parcels are zoned General Commercial (C-2).

That the Harder property is bounded by Third Avenue (Co. Rd. 27) on the north side; parcel number 22.413.0040 owned Kelly Hanson on the east side, and the JLJR property on the south and west sides.

That the Harder parcel is an irregular shaped piece larger than the 10,000 sq. ft. minimum lot size required by in *Ch. 9 Section 9.21, Subd.5* with a 1,070 sq. ft. building; the JLJR parcel is 7.54 acres in size, no structures, and currently used as a farm implement display lot.

That the owners wish to adjust Harder's west boundary to establish a new lot line more perpendicular to Third Avenue (Co. Rd. 27) and create, especially for Harder, a more usable rectangular shaped lot.

That the size of each Parcel will not change because Tract E and Tract F are identical in size.

That both Parcels following the split and transfer will meet the Lot Size (10,000 sq. ft.), Lot Width (80 ft.), as required in *Ch. 9, Section 9.21 Subd. 4 of Mountain Lake Code*.

That the location of the building on Parcel 22.413.0050 will meet the side yard setback (10 ft.) as required by *Section 9.21, Subdivision 5 of Mountain Lake City Code*.

That split and transfer will not affect or in any way change access to public streets and utilities.

That each split and transfer will not lessen the Parcels' current ability to comply with the requirements of Section 9.50 General Requirements, Subdivision 4 Parking and Loading Requirements and Section 9.56 Performance Standards.

That the public and adjacent property owners were notified of the public hearing as required by Section 10.10 Subdivision 6 of Mountain Lake City Code.

That a public hearing was held at 7:30 p.m. on Monday October 23, 2017 before the Mountain Lake Planning and Zoning Commission in the Council Chambers, City Hall, 930 Third Avenue, Mountain Lake, Minnesota, who received and considered all evidence brought before them.

That no oral or written comments either in favor of or against the proposal were received prior to the public hearing. No one appeared at the meeting to speak either in favor or against the proposal.

That following the public hearing the Mountain Lake Planning and Zoning Commission recommended approval of the split and transfer petition.

### DRAFT

On November 6, 2017 following the review and consideration of all evidence brought before them, and after consideration of the Planning and Zoning Commission's recommendation the City Council did approve the property split and re-attachment.

### RESOLUTION # 28-17

## APPROVING THE SUBDIVISION OF PARCEL NUMBERS 22.413.0050 PORTIONS OF LOTS 1 AND 2, BLOCK 1, JANZEN'S SUBDIVISION #2 AND 22.413.0030 PORTIONS OF LOTS 1, 2, AND 3, BLOCK 1, JANZEN'S SUBDIVISION #2 ALL IN THE CITY OF MOUNTAIN LAKE

WHEREAS, the City Council and the Planning and Zoning Commission of the City of Mountain Lake, Minnesota have reviewed and approved the Subdivision of Parcel Number 22.413.0050, and the Attachment of Tract F to 22.413.0030; and the Subdivision of Parcel Number 22.413.0030 and the Attachment of Tract E to 22.413.0050 all located in Block 1 of Janzen's Subdivision #2, City of Mountain Lake;

NOW, THEREFORE, BE IT RESOLVED by the City Council of the City of Mountain Lake, Minnesota that the Subdivisions and Attachments as described above is hereby approved and the Mayor and the City Administrator/Clerk are authorized to sign.

Mike Nelson, Mayor	
ATTEST:	
Wendy Meyer, City Administrator/Clerk	

Adopted this 6th day of November 2017.

### DRAFT

Findings of Fact
Property Split of
Parcel Identification Number 22.413.0030
Portions of Lots 1, 2, and 3, Block 1
Janzen's Subdivision #2
City of Mt. Lake

### **FACTS**

That owner of Parcel Identification Number 22.314.0030, JLJR Midway LLC, hereafter 'JLJR' has reached an agreement to sell to the Zaremba Group, hereafter 'Zaremba' a portion of the property, a parcel of 58,442 sq. ft., roughly 220 ft. by 250 ft., for the construction of a commercial building in which a retail business, Dollar General, will operate. (See Attachment B.)

That Zaremba has submitted a petition on behalf of the owner for a split of the 58,442 sq. ft. parcel.

That PIN 22.413.0030 prior to the split is 7.54 acres in size, bare land, and used as a farm implement display lot.

That PIN 22.413.0030 is zoned General Commercial (C-2). The parcel being purchased by Zaremba will be zoned General Commercial (C-2) and the intended use of the property, a commercial store, is a permitted use in the district.

That the split creates two lots that exceed the lot area (10,000 sq. ft.) and lot width (80 ft.) as required in Section 9.21, Subd. 5 of Mt. Lake Code.

That Zaremba has submitted a plan 'Option #1' to extend water and sewer service to the parcel to the Mt. Lake Municipal Utilities Commission. The plan has been reviewed and approved by Bolton and Menk, Inc., city engineer.

That Zaremba is preparing project specifications which, when completed, will be reviewed and approved by Bolton and Menk, Inc.

That each parcel created will have one drive-way off Third Ave. (Co. Rd. #270 which will provide adequate access to public streets.

That the split will not reduce the ability of the JLJR parcel to comply with the requirements of Section 9.50 General Requirements, Subdivision 4 Parking and Loading Requirements and Section 9.56 Performance Standards on remaining Parcel 22.413.0030.

That the Zaremba parcel's intended building location as it appears on the preliminary site plan provided by Zaremba, will meet the setback requirements of Section 9.21 Subd. 5, the requirements of Section 9.50 General Requirements, Subdivision 4 Parking and Loading, and the requirements of Section 9.56 Performance Standards

That the public and adjacent property owners were notified of the public hearing as required by Section 10.10 Subdivision 6 of Mt. Lake City Code.

That a public hearing was held at 7:30 p.m. on Monday October 23, 2017 before the Mt. Lake Planning and Zoning Commission in the Council Chamber, City Hall, 930 Third Avenue, Mountain Lake, Minnesota, who received and considered all evidence brought before them.

That no oral or written comments either in favor of or against the proposed were received prior to the public hearing. No one appeared at the meeting to speak either in favor or against the proposal. Joe Lucht, Anderson Engineering of MN, LLC on behalf of the Zaremba Development Group and Dollar General briefly explained the intended project on the lot to be created by the split.

That following the public hearing the Mountain Lake Planning and Zoning Commission recommended approval of the property split to the Mountain Lake City Council.

### **DRAFT**

On November 6, 2017 following the review and consideration of all evidence brought before them, and after consideration of the Planning and Zoning Commission's recommendation the City Council did approve the property split.

### **RESOLUTION #29-17**

### APPROVING THE SUBDIVISION OF PARCEL NUMBER 22.413.0030 PORTIONS OF LOTS 1, 2, AND 3, BLOCK 1, JANZEN'S SUBDIVISION #2

### CITY OF MOUNTAIN LAKE

WHEREAS, the City Council and the Planning and Zoning Commission of the City of Mountain Lake, Minnesota have reviewed and approved the Subdivision of Parcel Number 22.413.0030 located in Block 1 of Janzen's Subdivision #2, City of Mountain Lake;

NOW, THEREFORE, BE IT RESOLVED by the City Council of the City of Mountain Lake, Minnesota that the Subdivision as described above is hereby approved and the Mayor and the City Administrator/Clerk are authorized to sign.

### **Grant Applications**

The Tree Commission and City submitted a grant application to the Mt. Lake Area Foundation for \$1000 for the purchase of trees. It was due Oct. 31.

The Fire Department and City submitted a grant application the South Central Rural Electrical Association's Round Up program for \$2000 for one set of turn-out gear. Applications were due Oct. 27.

The Ambulance Service and City submitted a grant application to the South Central Rural Electrical Association's Round Up program for \$2763 for the purchase of one radio. Applications were due Oct. 27.

### CITY OF MOUNTAI LAKE, MN RESOLUTION # 30-17

A Resolution Establishing the City of Mountain Lake Polling Place for the 2018 Primary and General Elections

**Whereas,** in 2006 the City of Mountain Lake, determined it would purchase combined voting equipment for future elections with Mountain Lake Township and Midway Township, and

Whereas, the City of Mountain Lake in 206 also elected to combine with Mountain Lake Township and Midway Township and share a single polling place, and

Whereas, it was determined that the Mt. Lake Community Center, 1027 Second Avenue, had sufficient space for the voters of the three units of local government, and

Whereas, the City Council of the City of Mountain Lake did on May 1, 2016 adopt Resolution #14-06 establishing the Mountain Lake Community Center as the City of Mountain Lake's polling place, and

Whereas, the Mountain Lake Community Center has sufficient space and is able to continue serving as the polling place for the three units of local government.

**Therefore, Be It Resolved** by the City Council of the City of Mountain Lake that the City's polling place for the 2018 Primary and General Elections remain the Mountain Lake Community Center located at 1027 Second Avenue, Mountain Lake.

Adopted this 6 <sup>th</sup> day of November, 2017.	
	ATTEST:
Mike Nelson, Mayor	Wendy Meyer, Clerk/Administrator

Minn. Stat. § 204B.16, subd. 1a.

Minn. Stat. § 204B.175.

• Precinct boundaries in a city of the first class (having over 100,000 inhabitants) electing councilmembers by wards may be re-established within four weeks of the adoption of ward boundaries in a year ending in 1.

Under certain circumstances, the secretary of state may order correction of an election district's boundaries. This generally may occur if a city's precinct has the same boundaries as a congressional, legislative, or county commissioner district and the boundaries of these districts have changed.

If the secretary of state orders a correction, the secretary of state must give notice to the city clerk and the city clerk must send a non-forwardable notice to every household that contains a registered voter affected by the boundary change. The clerk must send the notice at least 25 days before the next election and must state the location of the polling place.

### 2. Polling places

An amendment to the election law that takes effect Jan. 1, 2018 requires that after Jan. 1, 2018, the city council designate polling places every year by December 31, even if the polling places have not changed from the year before. As a result, starting on and after Jan. 1, 2018, the polling places designated each year by ordinance or resolution must serve as the polling places for elections held during the following calendar year (so in the first instance for the 2019 calendar year), unless one of two situations apply:

- An emergency occurs, defined as any situation that prevents the safe, secure, and full operation of a polling place, or
- A polling place becomes unavailable.

When the need for a new designation for a polling place arises, the council should make this designation at least 90 days before the election. For the year ending on 2017, the cautious approach is to adopt a resolution or ordinance on or before Dec. 31, 2017, designating polling places for elections held during the 2018 calendar year.

Generally, no polling-place changes may occur during the period between the state primary and the state general election, other than the designation of a new polling place when a former polling place has become unavailable for use. Each registered voter affected by the change must be notified by first class, non-forwardable mailing at least 25 days before the next election. The governing body that established the polling place and sent the notice must forward immediately to the county auditor any of the notices returned as undeliverable. This notice to voter requirement does not apply to changes to polling place locations that change on election day.
