MOUNTAIN LAKE PUBLIC LIBRARY BOARD MINUTES October 14th, 2025

Members Present: Rachel B., Loida G.Q, Rick H., Carol L., Rochelle M.,

Members Absent:

Staff Present: Daniel Mick

Others Present: Michael Mueller

Others Absent: Andy Ysker

Reports: Carol L./ Rochelle M. approved the September 19th, 2025 minutes. Motion carried.

Daniel M. presented the September reports indicating 2534 total circulation. The expenses for September was \$3,225.33 M/S Rick H./Carol L. to accept the September report as given and to approve the September expenditures, Motion carried.

Unfinished Business: Daniel M. shared his experience at the Minnesota Library Association Conference from October $8^{th} - 11^{th}$. He first shared his book purchases for the library and explained the thinking behind each purchase, except two as they were gifts. The board looked through the books and approved of the additions, Carol L. also spotted a section of vulgar words that would move the book to the Teen section before there is an area specifically for Juveniles, that is away from the children's section.

Lastly Daniel M. shared the panels that really gave him ideas for Mountain Lake's library. The two topics shared were Genre-fication (the act of using a genre based shelving system instead of just by author) specifically for Juvenile section to help children to find specific types of book they want instead of looking all over to collect what they would like. Second was a movement to end the Dewy Decimal system, Adult Non-Fiction has always been a tricky spot in general and in our library as it is not organized by what actual Dewy standards but in a way to make thing less spread apart. Daniel M. described the process as "clumping" or Generifying the section. For example, this would mean we put all books about a specific person together, including memoirs, biographies and personal creations. This would have the same benefit that the genre-fication of the juvenile section. Giving patrons of all ages direct access to topics instead of running back and forth to collect the books they need. To test this method Daniel M. will use the children's non-fiction as a test to see what they will need and help develop the process better.

In New Business: Daniel M. shared his project titled "Shake the Dust Loose – 2026. This is an effort to revitalize the Friends of the Library. To ensure that it is controlled by a full board and give them the ability to assist the library. Over the years' donors and participants have dwindled and need a drastic face lift. Daniel M. will be working with Carol L. and Jean Hobberman to insure these changes do not just follower the guidelines that all Friends group follows, but one that leads the Friends of the Library into the future.

Director Check In: Daniel M. reported that progress of in-house projects are starting off well and after school started again it has become a bit quieter at the library.

Materials Suggested: NONE

The meeting was adjourned at 5:20 PM

Respectfully submitted,

Daniel Mick

Mountain Lake Utilities Commission Meeting Mountain Lake City Hall Thursday, November 13, 2025 7 AM

Members Present: David Savage; Todd Johnson; Dean Janzen; Mark Langland; City Council

Liaison Jeff Jack

Members Absent: Sue Garloff

Staff Present: Michael Mueller; City Administrator; Jill Falk; Utility Office Manager;

Dave Watkins; Electric Superintendent; Steve Peters; Lineman; Taylor

Nesmoe; Water/Wastewater Foreman

Others Present: Leann Swanson; DVHHS; Myxay Nog

Call to Order

The meeting was called to order at 7 AM.

Approval of Minutes and Bills

Motion by Janzen, seconded by Johnson, to approve October 23rd Minutes and Check Numbers 24481 - 24511 (800E-809E). Motion carried.

DVHHS/Vulnerable Adult

Leann Swanson with Des Moines Valley Health and Human Services was present to assist Myxay Nog. He moved into a rental house on March 1, 2025. Since his move-in date, only one payment of \$200 was received, and services were disconnected on 9/15/2025 due to an unpaid balance of \$1,054.75. Only the water services were disconnected, as the electric meter is inside the garage, and there is no way to gain access. The balance as of today is \$1,237.16. The water services were reconnected on 11/5/2025 with an ACH payment of \$250. Swanson requested to have some of the balance waived. As an elderly, vulnerable adult who understands little English, DVHHS would like to help him get caught up, but does not have funding to cover the entire bill. There are other issues with the house that they are covering costs for as well. The homeowner was deported, the furnace is not working properly, and someone has been dumping trash in the backyard, so she is trying to get him into Laker Apartments. A motion was made by Langland to submit the water and sewer charges to the county to be assessed to property taxes. The motion was seconded by Janzen.

Electric Department

The power plant project has begun. However, after digging started, it was found that the soil had been contaminated. Previously, a Texaco station was located on the property, and fuel from the station, as well as excess fuel from the power plant, has contaminated the soil. They are currently excavating six feet and then an additional two feet for the footings. Mueller wanted to discuss the consultation fees for Barr. With the current contamination issues, Barr Engineering is needed at the job site. Once the contamination is managed, Mueller feels they should only be on location once or twice a month. Both CMPAS and Journey have mentioned concerns, and the goal is to

keep consultations fees to a minimum. Watkins stated that the Boxelder underground project will now be completed since Mediacom has removed the last of the overhead. He also mentioned that the power to the hotel has also been pulled through and is ready for connection next week.

Water/Wastewater

On Wednesday evening, a water main broke on Tenth Street. Leak Detector will be out today to help locate the issue. Nickel Construction is also on standby to assist with the repairs. Deanne with the League of Minnesota met this week to discuss the sewer backup earlier in the month. Only one house was affected and appears to have minimal damage. The backup was caused by a battery failure. Nesmoe is looking at quotes to change out all of the batteries. Instead of having a variety of brands and models, switch them out annually, and then they will all be the same. Nesmoe received a quote from Flexible Pipe for a 2022 vac truck for purchase at \$340,000. There are roughly five hundred hours of driving time on it. Nesmoe still needs to reach out to Macqueen Equipment for a price comparison. Castle Drive lift station repairs have been completed. The new pumps are installed, and everything is running as expected. Nesmoe is still waiting to hear back from the second representative from Automatic Systems for the VFD for Well #7.

City Administrator

Three proposals were presented from CMPAS for the 2026 member/non-member rates. The proposals range from \$78,000-\$95,000 and will be voted on by the eleven members. Proposal #2 is the cheapest option and the most appealing. The fees are increasing due to the lower amount for the Attachment O, and engineering fees are non-recoverable. There is a new GIS mapping system that will cost around \$75,000 to cover the entire community. Nesmoe wanted to know if this way would be available for water and sewer as well. With the holiday season coming up, the next meeting will take place on Tuesday, November 25th, due to the Thanksgiving holiday. The second meeting in December will take place on Tuesday, December 23rd for Christmas.

Data Center

A conditional use permit application for a data center, located at 2203 3^{rd} Avenue, Mountain Lake, MN was discussed. Public input was received, and questions were addressed during the meeting. Motion by Bargen, seconded by Ysker, to approve Resolution #19-25, approving the Conditional Use Permit application to allow a data center in the industrial district. Motion carried 5-0.

City Administrator

The City's bond rating was reviewed, and the current rating remains at A+. S&P is already aware of the planned bonding for the fire and ambulance hall. The City Administrator cautioned the City Council that each time the City issues general obligation bonds, S&P reevaluates the City's creditworthiness. Taking on additional debt before existing bonds are paid off could potentially impact the City's bond rating.

Non-union wage scale for the next three years was discussed. Motion by Ysker, seconded by Jack, to approve the non-union wage increase, 4% in 2026, 3% in 2027, and 3% in 2028. Motion carried 5-0.

Roundtable

An update was given to the council regarding board and commission meetings.
