<sup>&</sup>quot;The right to keep and bear arms shall not be infringed." - 2nd Amendment

<sup>&</sup>quot;Laws that forbid the carrying of arms...disarm only those who are neither inclined nor determined to commit crimes. Such laws make things worse for the assaulted and better for the assailants, they serve rather to encourage than to prevent homicides, for an unarmed man may be attacked with greater confidence than an armed man." - Thomas Jefferson

# Mountain Lake Municipal Utilities Commission Meeting Mountain Lake City Hall Friday, January 10, 2020 7 AM

Members Present:

Sue Garloff, Dean Janzen, Todd Johnson, Mark Langland, Council

Liaison David Savage

Members Absent:

Randy Sawatzky

Staff Present:

Michael Schulte, Administrator/Clerk; Lynda Cowell, Utilities Office

Manager; Lane Anderson, Electric Lineman; Taylor Nesmoe,

Water/Wastewater Foreman; Scott Pankratz, Water/Wastewater Operator

Others Present:

None

### Call to Order

The meeting was called to order at 7:00 a.m.

### Approval of Agenda, Minutes, and Bills

Motion by Janzen, seconded by Johnson, to approve the agenda, December 19 Minutes, and Bills #019523 - 019582. Motion carried 5 - 0.

### Electric Department

The department experienced an outage a week ago and was fixed. Various items are being lined up for when Ron returns.

### Water/Wastewater Department

Taylor Nesmoe, Water/Wastewater Foreman, explained working with Casey's to turn off their water. They requested that the property's water be turned off 2 months ago in which Nesmoe replied that their curb stop was poured over with cement and could not be located. The notecard with the location of the curb stop did not take into account of when an addition was added onto the building. The curb stop was located as it was never uncovered from the past cement pouring. Casey's will be paying for the expenses of ripping up and replacing their cement.

### **Empire Pipe Services Inspections**

Empire Pipe Services was contacted to inspect sewer connection on 9<sup>th</sup> Street between 2<sup>nd</sup> and 3<sup>rd</sup> Ave and 4<sup>th</sup> and 5<sup>th</sup> Ave. More information will be known once they send their report to the department.

### **Electric & Water Meters**

Dave Watkins presented to the commission a proposal to replace all water meters within the city, a number of electric meters, and other miscellaneous items. The state desires water losses to be under 10%. Losses are measured by the number of gallons treated at the water treatment plant and how many gallons of water are sold. Losses over the past few years have been over 10% with assumptions that current water meters in residential homes are aging and not accurately measuring water consumption. The total project cost is nearly \$180,000. Payments to pay the equipment off can be separated over 3-10 years with variable interest rates. The commission discussed water losses, water meters, annual payments, infrastructure, and budgets. The department estimates that they may be able to replace  $\frac{1}{4}$  of the meters within a year. Paying a company to replace all the meters is an option but has a high cost. More information will be brought to a future meeting along with finance and budget numbers.

### **Delinquent Utility Invoices**

Five invoices were presented from over the span of the last 30 years that have been unpaid. They were unpaid either because the individual is now deceased, the company no longer exists, or the invoice was determined uncollectable from the start. These invoices are not in the utility's system to be collected. The question was asked if there are any current delinquent invoices that have not been collected. There currently is not and rather than shred these invoices, the administrator requested that they be waived by the commission in a formal motion to have it documented. Motion by Janzen, seconded by Garloff, to write-off the presented unpaid invoices. Motion carried 5-0.

### **Substation Fence**

Adjourn

Information on the cost of the fence was given by Alex Martin of Utilities Plus, who is now with CMPAS. While there is not an exact amount in the bid of building the fence for the impound lot, it was estimated the total lot with the gates was \$20,000. Depending on how one adds the cost of the fencing and the gates, the price the police department could pay varies. The administrator stated that when the planning was developing for the fenced lot, the police department was never given an exact number to consider. Costs, impounding, towing, and maintenance were discussed. Direction was given to work with the police chief to determine a formula or an exact rate of utilizing the fenced lot.

# The meeting was adjourned at 8:08 a.m. ATTEST:

Michael Schulte, Administrator/Clerk

### Regular City Council Meeting Mountain Lake City Hall Tuesday, January 21, 2020 6:30 p.m.

Members Present:

Mike Nelson, Dana Kass, Darla Kruser

Members Absent:

David Savage, Andrew Ysker

City Staff Present:

Michael Schulte, City Administrator/Clerk; Maryellen Suhrhoff, City

Attorney; Taylor Nesmoe, Water/Wastewater Foreman

Others Present:

Deanna Anderson, Observer/Advocate; Doug Regehr, Gloria McKissick,

Dave Bucklin, Tom Appel, County Commissioner; Amanda Strommer,

Department of Health

### Call to Order

The meeting was called to order by Mayor Nelson at 6:30 p.m.

### Approval of Agenda & Consent Agenda

Motion by Kruser, seconded by Kass, to approve the agenda and consent agenda as presented. Motion carried 3-0.

Bills: Checks #23259 – 23325, 650E – 654E

Payroll: Checks #65114 – 65149

Approve October 22 Tree Commission Minutes

Approve November 20 Library Board Minutes, November Report, November

Expenditures, December Report, December Expenditures

Approve December 9 EDA Board Minutes

Approve December 9 Lake Commission Minutes

Approve December 19 Utilities Commission Minutes

Approve January 6 City Council Minutes

Approve January 9 Special City Council Minutes

### **Public**

Deanna Anderson requested if she could reach an agreement with the city similar to the agreement made with Shirley Riihl regarding her property's proximity to the new wastewater ponds. Anderson stated her property is within ¼ mile of the new pond location. The council asked when she bought her property and Anderson responded it was around 2.5 years ago. The council then asked if her realtor or the property owner informed her of the plans to build new

ponds as the plans have been in discussions and in the planning stages for more than 2.5 years. Anderson was not informed of the new ponds project. More discussion ensued. No action was taken as there is no action taken during the public portion of the meeting.

### Public Informational Meeting – Wellhead Protection Plan (WHP)

Amanda Strommer, Department of Health, presented information on Mountain Lake's Wellhead Protection Plan. The city has a plan and is now looking at a 10 year amendment. An area hydrologist created a map of water flow and vulnerable areas near Mountain Lake's wells. Strommer met with the administrator and the water department last week and a few months ago to discuss the plan. Strommer explained the keys on the map and the boundary lines. In the next few months, the water department will receive a letter from the DOH of what needs to be reviewed and worked on by a consultant that the department will hire. The consultant will review potential threats to the wellhead protection area, review the wells, review the water quality, among other items. Various questions were asked by the council, Dave Bucklin, and Tom Appel about the map and the plan. Strommer stated there is grant funding for various planning and projects. Bucklin and Appel asked if they could receive an older version of the map to see the changes made. The water department will continue to work with the DOH to complete the plan by December 2021.

### 2020 Designations & Appointments

Mayor Nelson provided an update from the last regular council meeting of various appointments to various commissions. Vickie Krueger will serve again and Sarah Morey be a new member of the Library Board. Dean Janzen will serve again on the Utilities Commission. Bryan Bargen will serve again on the Planning & Zoning Commission. Paul Janzen will be a new member on the Housing and Redevelopment Authority. Steve Syverson will serve again on the EDA Board. Jean Haberman will continue to serve and Randy Loewen will be a new member on the Lake Commission. Chad Eken will serve again and Jamie Boldt-Smith will be a new member of the Police Commission. Steve Harder will serve again and Chad Neuenberg will be a new member of the Tree Commission. Motion by Kass, seconded by Kruser, to approve the 2020 Designations & Appointments. Motion carried 3 – 0.

### 4th Quarter Revenue & Expenses

2019 YTD revenue and expenses were reviewed. The numbers listed are not final numbers for the year until the 2019 audit is completed.

### Street Superintendent Job Description

The job description of the Street Superintendent position was reviewed. Some language was updated and edited but no job dynamics were changed. The council requested to add supervision of seasonal summer help to complete trail and lake tasks as it is the desire to hire at least two seasonal full-time workers over the summer under the supervision of the superintendent rather

than a separate worker who completes trail and lake tasks. Motion by Kass, seconded by Kruser, to approve the Street Superintendent job description and the proper procedures to fill the vacancy. Motion carried 3-0. The position will be posted internally for 10 days per union policy and if signed, will be considered at the next council meeting.

### Lawn Mower

A proposal from Midway Farm Equipment was presented for the street department. The proposal includes a trade-in of the street department's lawn mower of 700 hours to then purchase a new lawn mower with a four year warranty. With the trade in, the cost of the new mower would be \$5,600. Nesmoe was present from earlier in the meeting and stated that the utility may be interested in purchasing the lawn mower but did not get the chance to discuss it with the street department yet. Nesmoe will discuss the lawn mower with the street department or look at purchasing a new lawn mower for the utility. The council gave direction to Nesmoe to discuss further with the street department and have both departments figure out the best options for both departments.

Ordinance #2-20 Amending Section 8.01 Public Protection, Crimes, and Offenses Ordinance #2-20 was read for the third time. No changes have been made since the first reading. Motion by Kruser, seconded by Kass, to approve Ordinance #2-20. Motion carried 3-0.

### **City Attorney**

City Attorney Suhrhoff stated she was on vacation last week and is starting to catch up on items. Various public nuisances were discussed. The property owner on 10<sup>th</sup> Street, which has been cited for numerous junk citations, has been granted three continuances from the judge so the next trial will be held in February. The outcome from the trail could be a fine, jail time, or other action determined by the judge. The attorney will then proceed to file a case to ask the judge to allow the city to remove the sitting vehicles from the property if they are not removed within a certain time period. Gloria McKissick stated complaints against her neighbor regarding items in the backyard and their behavior. The police department has worked with this property owner and will continue to. The administrator and the police chief plan to meet with the city attorney to discuss parking regulations, public nuisances, and other matters.

### 2020 Meetings & Conferences

Conferences, meetings, and workshops put on by the League of Minnesota Cities, Coalition of Greater Minnesota Cities, and Minnesota Municipal Utilities Association were presented by the administrator. Any councilmember is invited to attend. The administrator plans to attend the legislative conferences and summer conferences as time allows.

### Adjourn

The meeting was adjourned at 7:21 p.m.
