M/S/P Beyer/Bennett to approve the Treasurer's Report

Lake Projects:

Lakeshore Fishing: A \$1,000 grant from the Care & Share was approved to cover part of the cost of hiring Nickel Construction to add red rock and rock fines to the lakeshore close to the dam.

Storm Drain Culvert: Dave reported that he has contacted an engineer for an estimate for fixing the storm drain inlet that drains into the stormwater retention pond. Then he will apply for urban funding.

Aeration: The DNR noticed that the aeration pond exceeded the number of thin ice signs. More thin ice signs were put out to solve the problem. Additional signs need to be made for next

winter. Randy and Stan will pick up the thin ice signs as soon as the ice is out. There wasn't any fish kill this winter due to the sufficient oxygen levels in the lake.

Fishing Pier: Stan will contact Hoek to get an estimate from Hoek Outdoors for moving the fishing pier to its summer location.

Island Trail: A spring clean-up at the Island is scheduled for Tuesday, April 15, at 5:00 p.m.

Can Bin: The can bin will be emptied on Friday, March 21 at 5:00 p.m.

Dave attended the Lion's Club meeting to talk about the history of the Lake Commission and current projects.

Next meeting will be Monday, April 14, 2025 at 6:30 p.m.

Respectfully submitted, Jean Haberman, Secretary

Call to Order

The meeting was called to order at 7 AM.

Approval of Minutes and Bills

Motion by Janzen, seconded by Garloff to approve the March 13th Minutes and Check Numbers 24098-24132 (632E-636E). Motion carried.

Electric Department

The power plant project is still on hold. The engineers are waiting for a breakdown of the bids from WEB and Tri-State construction companies. At this time, it has still not been decided if there will be any rebidding. Another possibility would be to repair and remodel the current power plant, or to order shipping containers with a production time of two years. If no response is received from WEB or Tri-State, both bids will be rejected. Watkins mentioned that issues have been found in the demand and commercial meter readings. He and Falk are working together to get a list of all meters and their multipliers to ensure both the handheld and computer software are calculating the correct amounts. As of now, there do seem to be a few accounts that will need to be updated. Watkins would like to bring in a consultant to help correct any issues.

Water/Wastewater Department

Pankratz stated that the Jetter will need to be replaced soon. It is 2003 and repairs and maintenance are constantly being completed. Flexible Pipe has provided a quote of \$579,000 for 2025 that will be available for purchase. A demo period would be available so the unit can be tested before purchasing. Pankratz also mentioned that after the flooding last spring, it would be proactive to purchase additional pumps. "Trash" pumps were borrowed from Nickel last year. Depending on the size and features, these range from \$500-\$1600. In addition, the large red pump needs repairs. Nesmoe received a quote for \$6100 to repair, and then an additional \$2000 for fabrication with a hydraulic pump. Janzen made a motion to purchase two trash pumps and make the needed repairs/repurposing necessary on the red pump, as it is better to be prepared for any flooding. Garloff seconded the motion, and the motion carried. The final item

Pankratz discussed was a request for summer help to assist with the mowing. Since only one or two days a week are needed, it was requested to work with the street department and borrow Calvin Rempel a few days a week.

City Administrator

As generator #2 has not been operational, it was officially retired in January 2025. MISO did approve the agreement with the City of Windom to cover 1.1 MWh capacity for the remainder of the spring quarter. The payment of \$20,000 will be paid directly to Windom and a penalty will not be charged. If generation is needed, the cost of the diesel will be covered as well. Since \$50,000 in repairs were made to the generator and still is not operational, MISO seems to be willing to waive all other penalties as well.

Adjourn

The meeting was adjourned at 7:41 a.m.

EDA

Rod Hamilton, the EDA Director, discussed the ongoing challenges the investment group was facing with the hotel project. The hotel's proforma showed that it wouldn't generate positive cash flow until year 3, and most banks were unwilling to finance the project due to the cash flow concerns and the high interest rates. However, by utilizing tax abatement bonds, the project could secure a lower interest rate, allowing the hotel to generate cash flow starting in year 1. Motion by Bargen, seconded by Kruser to proceed with scheduling a \$2,030,000 tax abatement

bond with personal guarantees for the hotel investment group to assist with financing the construction of the hotel. Motion carried 5-0.

City Administrator

Travis Hodkin, Elite Mechanical and Jared Montagne, St James Electric presented their HVAC proposals to the Council. City Council reviewed four bids to replace the HVAC system at City Hall. The bids were from Handy Heating and Cooling, Elite Mechanical Systems, Schwalbach, and St James Electric. St James Electric was the lowest bidder, total cost including electrical was \$46,658.00. Motion by Ysker, seconded by Bargen to approve the St James Electric Bid for 46,658.00. Motion carried 5-0.

Pickleball discussion was tabled.
