#### Call to Order

The meeting was called to order at 7 AM.

### Approval of Minutes and Bills

Motion by Garloff, seconded by Brian Janzen to approve the May 26th Minutes, and Check Numbers 21766-21794 (391e-395e). Motion carried.

### **Electric Department**

Watkins mentioned that he purchased a tanker of fuel for the generator at \$4.16 per gallon. This came up over \$31,000 and will be paid with the Co-op bill next month. Barr Engineering is completing the final report for the generator. Watkins mentioned that he will review the completed report first but requested that the commission schedule a meeting with the engineers to discuss what the next step will be. Watkins has also been working on updating formulas for Generation costs, some of these calculations and totals have not been updated since 2016. This can affect labor costs as well as the actual costs per kwh so it necessary to make sure the amounts used are correct. Chad at CMPAS has offered to help.

## Water/Wastewater Department

Nesmoe advised that the sewer repairs to 8<sup>th</sup> Street and 5<sup>th</sup> Avenue have been completed. Another repair completed is Well #6; the well was back online and then more issues were discovered, but those have been repaired and the well is now fully functional. He also mentioned they have been doing some daily maintenance around the city including tree trimming and mowing as well as flushing hydrants. The final invoice for the Jetter repairs has been received

from Flexible Pipe. The total cost for repairs were over \$22,000. The utilities will cover these costs and pay the invoice; however, an invoice will then be sent to Miller Sellner to reimburse the cost. One last item to discuss is the gun range. Dean Sawatzky was unhappy with the conversation at the Council meeting, and he felt immediately shut down and was not allowed to speak. Nesmoe will have a meeting with Sawatzky one on one to see if they can reach a compromise or at least listen to his requests. Sawatzky is willing to fence in the range for safety and security if that would help to get his request passed. Langland recommended to get documents in place so that Sawatzky understands the legalities and potential liability issues.

### City Administrator

A joint meeting with the Utility Commission, Council and EDA has been requested to discuss the potential future projects. The projects in question are the new meat market, the firehall, Lakeview Estates addition and the street projects. With the EDA meetings taking place in the afternoon and Council meeting at night, it will be difficult to schedule a time where everyone can meet at once. A potential meeting date was discussed for Tuesday, July 5<sup>th</sup> starting at 5:00pm or 5:30pm before the Council meeting begins. Langland would like to see a future Capital Improvement plan with future potential utilities projects. As of now, there is approximately \$5 million in the utility's reserves. It is important to keep adequate funding for future projects as well as any unplanned expenses. There are six miles of transmission lines that are quite dated and the cost to replace a one mile line would be around a million dollars. There has also been a discussion of drilling for a new well. The final costs for the generator have not been determined and even though there is bond money; there is a possibility additional funds will be needed. Mueller will discuss the meeting date with EDA and Council to see if it would be acceptable.

### Adjourn

The meeting was adjourned at 7:41 a.m.
