At this moment, we are only making a list of people who are interested in an email bill instead of mail, if there are enough people interested, then we could proceed with email billing for those interested.

2022 Utility Rates

The rate increases are necessary to operate and maintain the city's water, sanitary sewer, and electric systems to maintain reserves and to repay debt incurred to improve the systems. Water, sewer, and electric rates will increase 2% in 2022.
